2. Lists of the men eligible to participate in these awards will be made at the district mine offices and forwarded to the Auditing Department to be checked. To win, an employee, unless at work during the drawing, must be present at one of the Safety Meetings; for example, a man working at Winton and living in Rock Springs may attend the Rock Springs meeting or any of the other meetings should he choose to do so. A district may win only one prize except the suit of clothes award, which will be classed as a "free-for-all" prize and will be drawn last. RULES

1. All Union Employees, surface and underground, whose names appear on the payrolls for the second pay period in April, 1951, and the second pay period in June, 1951, who have not sustained a lost-time injury during the first six months of 1951 and have not left the service or been dropped and subsequently re-hired since April 16, 1951, will be eligible to participate in the drawing. All non-union employees, including Unit Foremen, are not eligible to participate.
2. Lists of the men eligible to participate in these awards will be made at the district mine offices and checked by the Auditing Department. Thereafter, the name of each man on the lists will be put into a capsule and deposited in a locked box; this box to remain in the possession of the Auditing Department until the night of the drawing.
3. To win, an employe, unless at work during the drawing, must be present at one of the Safety Meetings; for example, a man working at Winton and living in Rock Springs may attend the Rock Springs meeting or any of the other meetings should he choose to do so. A district may win only one prize except the suit of clothes award, which will be classed as a "free-for-all" prize and will be drawn last. All men at all districts except those who have won the six major prizes, (subject to Rule No. 1) will be eligible for this prize.
4. Preceding the drawing, the Auditor will put the capsules containing the names into a bowl.
5. The capsules will then be thoroughly mixed.
6. A small girl, blindfolded, will draw one capsule from the bowl. The man whose name is written thereon will be the winner of the first prize, (subject to Rule No. 3). If, for any reason, the man does not qualify, an additional capsule or capsules will be drawn until the winner is determined. This process will be repeated to determine the winner of the second prize, third prize, fourth prize, fifth prize, and sixth prize, as well as the free-for-all prize.
