

## How Can We Be More Aspirational?

- Think big thoughts, read what others are doing that is BIG thinking
- Keep eyes on the bigger prize
- See the big picture
- Set goals
- Ignore the fear of failure
- Use your VALUES to guide your work
- think long term
- Have a vision.
- Say YES when opportunities come along.
- Share your aspirations with others - Find others who agree with your vision
- Not get weighed down by the steps
- find how failure can be success
- Know it's OK to achieve even if others aren't.
- Share your vision...connect it with their values
- We are in transition and I want to be able to help people grow a big vision.
- Dream big (yet tangible)
- know self
- Help others see their place in the organization
