

How do/could you promote to tourists and would-be tourists to your community?

- Posters in local hotels/motels/campgrounds
- Connect with the chamber of commerce
- Posters also in downtown restaurants. Volunteers distribute for us
- New this year, we have large signs near the street with the lawn concert and kids programs
- Recently connected with real estate agent organization to remind them to tell potential clients about this great library amenity...
- I was gonna say--SWAG! pass out magnets, pencils, etc. Things that will get passed around
