Making Technology Training Fun

- Prizes!
- Candy
- I watch staff's interests and find websites for their interests THEN I TRY TO TEXT them if they will allow me
- artists and photographers are looking for ways to reach a new audience
- contests! yeah!
- Certification on completion for patrons
- Games!
- we all got ipad minis and try to show off
- Contests for videos etc
- have a show and tell of apps
- We managed to get some LEGOs Mindstorm kits intending to use them for kids but have discovered that adults love them too and are learning how to code.
- Post patrons pictures using the devices in the library w/ their permission
  We just implemented Digital Badges
- Cetificates can be used to validate learning for employers.
- We serve coffee and tea at our morning classes when it is cold outside
- Making technology training more of a social event, rather than just a "tech training program"
